Leonardtwn Arts and Entertainment District is excited to unveil its first Public Art Project, "The Naturalist Bench".

Winning artist, Parran Collery, believes that the "best public art projects have a powerful relevance to their place, a sense of intrigue and surprise, and a visually compelling design".

She drew inspiration for "The Naturalist Bench" from her own artistic interest in observing the beauty and wonder of the natural world around us ... discovering bits of flora and fauna ... making art feel approachable.

We welcome you to share in the unveiling of the first Public Art Project to the Leonardtown community.

This public art project is supported in part by a grant from the Maryland State Arts Council.
