

Street Sweeping Contract
Scope of Services

The Contractor shall perform sweeping/vacuuming services with a sweeper machine in those areas as noted below and highlighted on the accompanying map (Attachment A).

- Orange areas - once per month
- Blue areas - twice per month
- Green areas - four times per week*

*These areas are cleaned with a bucket and broom four times per week, to include the sidewalks and landscaped areas. Streets are swept by truck twice per month.

Additional Requirements

- A blower should be used to blow debris from under parked cars along the streets and from walkways prior to sweeping with the truck.
- A minimum of two 1½ ton trucks must be available to perform these services.
- No sweeping permitted before 5:00 a.m. on Point Lookout Road and Hollywood Road.
- No sweeping permitted in downtown area prior to 6:00 a.m.
- No sweeping permitted in residential areas prior to 8:00 a.m. to allow for the safety of children and school buses.
- Special sweeping requests may be required for an additional fee, as negotiated on a case by case basis.
- Additional fees may be added for the months of September, October, November and December to cover additional leaf collection services. During these months, two trucks are necessary to complete the task. Additionally, a covered trailer is needed to haul away leaves. Disposal of the leaves is the Contractor's responsibility.
